Date: October 16, 2012
Re: Department's request to withdraw LSA #11-772

The Board previously approved the Department's request to initiate rulemaking to add 511 IAC 5-2-5 to define timelines and procedures for distribution and rescore of ISTEP test results. Upon further review and consideration of potential implementation challenges, the Department asks that the Board approve the Department's request to withdraw this rulemaking initiative.
